

universal cover for all hwks and exams/V2	
Last name, First name	
course (CSCI-NNN)	
Assignment number (hwkN/examN)	
Date	
your email address	@eagles.bridgewater.edu

Do not do any computation on this page.

If the hwk has Multiple choice questions (MCQ), then mark your solution in this table here.

Suppose you think correct answer is C. You will then attach letter X to your desired answer like CX. If the work is handwritten you can handwrite X, if the work is typed in Word you will type in Word X.

1	A	B	C	D	
2	A	B	C	D	
3	A	B	C	D	
4	A	B	C	D	
5	A	B	C	D	
6	A	B	C	D	
7	A	B	C	D	
8	A	B	C	D	
9	A	B	C	D	
10	A	B	C	D	
11	A	B	C	D	
12	A	B	C	D	
13	A	B	C	D	
14	A	B	C	D	
15	A	B	C	D	

//your typed or handwritten work starts on the next page

Note if I request that your answer should be 4-6 sentences, it is only a guideline. It means if you give me 2 sentences, it may not be enough. If you write half a page it is way too much.

hwk0

Hwk is normally graded.

**This hwk is not graded but still required.**

The purpose of this hwk is for you to learn how to submit programming hwk in this course.

Go to the Admin Module, find information about hwks.

Write a Java program .

The class name will be HelloWorld.

The program will print to the screen: Hello World from <last, first>

If you see me writing <something> it means replace <something> with some info.

Ex: If I write cs<course number>, and your course number is 123, you write the following.  
cs123

In your program include the class header that is described in the Admin Module.

Submit your hwk (in this case the file HelloWorld.java).

Note: program hwks do not include cover page, but programs requires class comment as specified in the Admin module. It is all described on the AdminModule.

If your hwk had more classes, then each class file would include the class header with proper information.

All hwks are due on Canvas on the date specified at the time before class starts.

Any questions – ask.
